TOWN WARRANT
THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Merrimack in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Merrimack High School Auditorium in said Merrimack on Tuesday, the fourteenth day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
 - a. Town Officers' Salaries
 - b. Town Officers' Expenses
 - c. Election and Registration Expenses
 - d. Municipal Court Expenses
 - e. Town Hall Expenses
 - f. Employees' Retirement and Social Security
 - g. Police Department
 - h. Fire Department
 - i. Insurance
 - j. Civil Defense
 - k. Health Department
 - l. Sewer Maintenance
 - m. Town Dump Maintenance
 - n. Town Highway Maintenance: Summer, Winter
 - o. Street Lighting
 - p. Town Road Aid
 - q. Library
 - r. Town Poor
 - s. Old Age Assistance
 - t. Memorial Day
 - u. Parks and Playgrounds
 - v. Cemeteries
 - w. Interest on Temporary Loans
 - x. Interest on Long Term Notes
 - y. Payments on Debt: Principal
 - z. County Tax
 - aa. School Tax

3. To see if the Town will vote and appropriate the sum of \$100.00 for the Merrimack Valley Association.

4. To see what action the Town will take regarding the acceptance of new streets.

5. To see what action the Town will take regarding the appointment or election of three road commissioners.

6. To see what action the Town will take regarding the repairing of the Town Hall.

7. To see if the Town will vote to raise and appropriate a sum of money for the further development of the Twin Bridge area.

8. To see if the Town will vote to allow a discount for the early payment of taxes.

9. To see if the Town will take any action relating to the Zoning Laws.

10. To transact any other business that may legally come before this meeting and take any action relating thereto including the making of appropriations to cover the same.

POLLS FOR VOTING WILL BE OPEN FROM TEN O'CLOCK IN THE MORNING UNTIL CLOSE OF THE MEETING.

ARTICLES OF THE WARRANT WILL BE TAKEN UP AT SEVEN O'CLOCK P. M.

Given under our hands and seal, this twentieth day of February, in the year of our Lord nineteen hundred and sixty-one.

School Taxes	190,998.36	83,000.00	

Budget Committee

SELECTMEN'S REPORT

1. In June of 1960 a new Caterpillar Model 12 Grader was purchased, in accordance with your authorizing vote at the March 1960 meeting.
2. The Fire Department purchased a new International American LaFrance pumper pursuant to your vote. This new piece of equipment has been placed in service at the Central Station and replaces a twenty-two year old piece of pumping equipment which is still in service at the Reed's Ferry Station. With this addition to the Town's fire equipment it can now be said that our Fire Department is as well equipped as any department in any comparable town.
3. The first floor of the town hall has been remodelled as directed. More difficulty than had been anticipated was experienced in that many of the floor timbers had to be replaced, consequently the cost was greater than programmed. This project provided two very adequate class rooms for the school and are presently in use. When these rooms are vacated by the school they will be utilized for the Court and Selectmen's office. This project has provided adequate quarters for the Town Clerk's office which is open for your convenience each week day except Saturday. Fire escapes have been installed. Consideration should be given this year to refinishing the second floor of the Town hall.
4. The Selectmen feel that the full-time clerk who devotes her efforts to both the Selectmen's and Town Clerk's duties has worked out very satisfactorily and is providing a much better public service in these matters, and has also centralized certain of the town records heretofore maintained in a private home, more of which will be accomplished as soon as the facilities are vacated by the school.
5. Some progress has been made at the Twin Bridge area toward making it into an attractive public area. A skating rink was started late in the fall which should be completed during this summer and available for use next winter.
6. During 1960 permits were issued for 27 new single family dwellings and 10 new summer dwellings.
7. During 1960 the Medical Center building was completed and its opening was held on February 5th. This project represents a marked step forward for the Town in providing doctors' offices. Those who worked so tirelessly and against many obstacles are certainly to be congratulated on their accomplishment.

MERRIMACK POLICE DEPARTMENT

In order to fulfill the duties of this Department to the satisfaction and interests of the town it becomes more evident every year of the need of a full-time department, and that it will have to be considered some time in the near future. Calls and investigations have increased almost double to the year previous. It can no longer be called a part-time job as Merrimack is a growing town and the duties of this Department, as well as other Departments, increase with it.

In 1959 the school district requested a police officer for the school crossing at Kiestlinger's store on Route 3. This proved to be an excellent safety measure for the school children. This service was continued during the school year of 1960, and in April 1960 an additional officer was placed at the Thornton's Ferry school crossing near Welch's store on Route 3. This was suggested to this Department by the Safety Division of the New Hampshire State Motor Vehicle Department. This was an additional expenditure not taken into consideration in the Police Department appropriation.

We have managed in previous years to keep within the Police budget. In the year 1958 this Department had a surplus of \$349.84, and in 1959 a surplus of \$480.12. This year the Department went over the budget by \$779.40. The policemen at the school crossings account for part of this, and the raise in pay for Town employees also was not figured at the time of budget meeting.

A special police officer was detailed for guard duty at two industrial plants two nights each week. He was paid out of the Police Department budget, and in turn the Town of Merrimack was reimbursed by these firms.

The co-operation of other Departments, namely the State Police and surrounding towns, is greatly appreciated.

JOSEPH L. PYNENBURG

Chief of Police
Merrimack, N. H.

CIVIL DEFENSE

Much to our dismay, we have had to discontinue our regular monthly meetings, due to a decrease in attendance. Our embarrassment came when we would have speakers and instructors from the state level and only a very few faithful members in attendance. To these faithful we are more than grateful. Civil Defense is hard to sell to the general public.

We believe the best insurance to survive a Nuclear Attack is knowing what to do and how, for one's self and others. We hope an attack will never happen but having some knowledge of how to face it may help save a life and prevent chaos.

It is a State Law that every Town and City must have a Civil Defense Organization.

This office is complying with its responsibility to the State and Local Civil Defense Organizations, to the best of its ability, within its power.

The following items were purchased through Civil Defense in the past year.

Transistorised Megaphones
Axe and Hatchet Sets
Pan and Mess Kits
Gloves
Mittens
Coats
Saw, Knife and Shovel Assembly
Zipper Tents

The acquisition value was \$6,006.08

Total cost to Town of Merrimack \$142.48

Last Spring a committee was formed to investigate the purchase of a new fire truck for the Town of Merrimack. Said committee consisted of George Allgaier, Earl Bishop, Clarence Worster, Edward Cross, Jr., Charles Nute, Jr., Frank Hall, and Fay Read. A number of fire fighting equipment manufacturers were invited to bid on the construction of this vehicle. The committee voted to accept the bid received from the American LaFrance Fire Fighting Equipment Company from Elmira, New York, on drawings and specifications prepared by this committee. A purchase order was issued in July and shipment was made the latter part of August. This vehicle was given three tests by the New Hampshire Board of Underwriters and passed each test with flying colors. This fire engine was approved and accepted by the Town on October 10, 1960.

On September 18, 1960, a group of volunteer firemen from Merrimack attended and satisfactorily completed a course of fire fighting given at the Meadowood Drill Yard under the direction of Mr. A. G. Robinson, New Hampshire Fire Marshal.

In case of fire dial 4-5571. State location of fire. Do everything you can to keep the fire from spreading. Keep buildings closed as much as possible, and upon arrival of Fire Department, give them any information which may be of help to them.

Please keep all roads open so trucks can go and come at will, without being hindered by cars parked in the road.

GEORGE J. ALLGAIER Fire Department Chief

PREVENTION IS YOUR BUSINESS

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 percent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed—all because MANY are CARELESS with fire in and near woodland. This can be remedied. YOU can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk, or woodsman can play an important part in the continuing and vital prevention program.

First — by setting a good example YOURSELF — being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second — by using YOUR individual influence in your community and valued council with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them.

1. Before burning, secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning — don't leave it.
3. Make certain your fire, camp or debris, is DEAD OUT before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles — make sure they are out — use your ash tray.
5. Don't burn at home — use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires, 19.

Number of acres burned, 11¼.

Number of permits issued, 178.

WINTHROP H. HANNAFORD
District Chief

CLARENCE WORSTER
Forest Fire Warden

HEALTH REPORT FOR THE TOWN OF MERRIMACK, 1960

Several homes were inspected and approved for Boarding Home License.

Infectious diseases reported were as follows:

Chicken Pox	30 cases
Measles	12 cases
Mumps	10 cases
Scarlet Fever	20 cases
Hepatitis	1 case

During the summer a survey of dwellings on the watershed of Pennichuck Brook was conducted for the purpose of locating any sewage disposal systems which might be discharging directly in the streams tributary to this brook or discharging onto the ground in such a location that, in the opinion of the engineers, would pollute the streams during wet weather. The survey revealed several homes with faulty systems and the owners were ordered to change the system to prevent such pollution.

LUTHER A. MARCH, M.D.

Health Officer
Town of Merrimack

STATE NURSE'S REPORT

A series of Immunization clinics was held in Merrimack during the year, for persons of all ages from six months, desiring Polio protection.

In March the fourth, or Booster shot, completing the series of inoculations, was given in the new Auditorium at the High School. Four hundred and fifty-nine preschool and school children received their Salk vaccine, and fifteen pre-school were vaccinated against Smallpox before their entrance into school.

The first evening clinic was held in April in the Hall of the Catholic Church, at which ninety-five adults and fifty-nine children received their requisite shot against Polio, many of the adults getting the initial dose of Salk.

A month later the second clinic was held for all who wished the second inoculation, and there was a good many adults and children present.

The third clinic was postponed in December and held at the Medical Center in January.

Dr. Luther A. March, Health Officer in town, attended each one of the clinics. He was assisted by Dr. Oscar Burns at the School clinic in March.

Mrs. Elizabeth Getz, R.N., was chairman of the clinics and her corps of nurses included Mrs. Eleanor Monte, Mrs. Olga Lillie, Mrs. Bernice Harris, Mrs. Dolly Footer and Mrs. Rhoda Cross.

Members of the Legion Auxiliary who assisted with the clerical work included Mrs. Libby O'Gara, Mrs. Dorothy Zintel, Mrs. Ivy Kent, and Mrs. Helen Pynenburg.

The State Nurse in the area furnished the sterile equipment and Salk vaccine from the State Department of Health in Concord, and assisted at each clinic.

MARIE H. FAHEY, R.N.

State Nurse

CIVIL DEFENSE

Much to our dismay, we have had to discontinue our regular monthly meetings, due to a decrease in attendance. Our embarrassment came when we would have speakers and instructors from the state level and only a very few faithful members in attendance. To these faithful we are more than grateful. Civil Defense is hard to sell to the general public.

We believe the best insurance to survive a Nuclear Attack is knowing what to do and how, for one's self and others. We hope an attack will never happen but having some knowledge of how to face it may help save a life and prevent chaos.

It is a State Law that every Town and City must have a Civil Defense Organization.

This office is complying with its responsibility to the State and Local Civil Defense Organizations, to the best of its ability, within its power.

The following items were purchased through Civil Defense in the past year.

Transistorised Megaphones
Axe and Hatchet Sets
Pan and Mess Kits
Gloves
Mittens
Coats
Saw, Knife and Shovel Assembly
Zipper Tents

The acquisition value was \$6,006.08

Total cost to Town of Merrimack \$142.48

GEORGE J. ALLGAIER

REPORT OF THE MERRIMACK FIRE DEPARTMENT

February 14, 1961

We wish to express our thanks for the co-operation extended from the public in preventing and extinguishing fires during the past year.

G. Allgaier, E. Bishop, A. Jarry, A. Heath, E. Haseltine, C. Worster, J. F. Hall, F. Read, C. Warren, E. Cross, Jr., William Allgaier, Jr., G. Beard, William Butler, N. DeVito, H. Duxbury, J. W. French, B. Hall, C. Hall, C. Hall, N. Hall, F. Haseltine, F. Hill, A. Houle, J. Janas, A. Junkins, A. Burgess, H. Linscott, H. McCalvey, Sr., T. Read, J. Roy, M. Ryan, E. Thibodeau, C. Nute, Jr., W. Cain, Jr., A. Kent, A. Hill, O. Decato, D. Flanders, G. Clingham.

Manhours Expended on Chimney Fires	76½
Manhours Expended on Oil-Burner Fires	71
Manhours Expended on Rubbish Fires	31
Manhours Expended on Emergency Calls	16
Manhours Expended on House Fires	430
Manhours Expended on Electrical Fires	16
Manhours Expended on Automobile Fires	40
Manhours Expended on Fire Drills	232
Manhours Expended on False Alarms	26
Manhours Expended on Hose	36

Last Spring a committee was formed to investigate the purchase of a new fire truck for the Town of Merrimack. Said committee consisted of George Allgaier, Earl Bishop, Clarence Worster, Edward Cross, Jr., Charles Nute, Jr., Frank Hall, and Fay Read. A number of fire fighting equipment manufacturers were invited to bid on the construction of this vehicle. The committee voted to accept the bid received from the American LaFrance Fire Fighting Equipment Company from Elmira, New York, on drawings and specifications prepared by this committee. A purchase order was issued in July and shipment was made the latter part of August. This vehicle was given three tests by the New Hampshire Board of Underwriters and passed each test with flying colors. This fire engine was approved and accepted by the Town on October 10, 1960.

On September 18, 1960, a group of volunteer firemen from Merrimack attended and satisfactorily completed a course of fire fighting given at the Meadowood Drill Yard under the direction of Mr. A. G. Robinson, New Hampshire Fire Marshal.

In case of fire dial 4-5571. State location of fire. Do everything you can to keep the fire from spreading. Keep buildings closed as much as possible, and upon arrival of Fire Department, give them any information which may be of help to them.

Please keep all roads open so trucks can go and come at will, without being hindered by cars parked in the road.

GEORGE J. ALLGAIER Fire Department Chief

PREVENTION IS YOUR BUSINESS

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 percent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed—all because MANY are CARELESS with fire in and near woodland. This can be remedied. YOU can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk, or woodsman can play an important part in the continuing and vital prevention program.

First — by setting a good example YOURSELF — being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second — by using YOUR individual influence in your community and valued council with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them.

1. Before burning, secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning — don't leave it.
3. Make certain your fire, camp or debris, is DEAD OUT before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles — make sure they are out — use your ash tray.
5. Don't burn at home — use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires, 19.

Number of acres burned, 11¼.

Number of permits issued, 178.

WINTHROP H. HANNAFORD
District Chief

CLARENCE WORSTER
Forest Fire Warden

HEALTH REPORT FOR THE TOWN OF MERRIMACK, 1960

Several homes were inspected and approved for Boarding Home License.

Infectious diseases reported were as follows:

Chicken Pox	30 cases
Measles	12 cases
Mumps	10 cases
Scarlet Fever	20 cases
Hepatitis	1 case

During the summer a survey of dwellings on the watershed of Pennichuck Brook was conducted for the purpose of locating any sewage disposal systems which might be discharging directly in the streams tributary to this brook or discharging onto the ground in such a location that, in the opinion of the engineers, would pollute the streams during wet weather. The survey revealed several homes with faulty systems and the owners were ordered to change the system to prevent such pollution.

LUTHER A. MARCH, M.D.

Health Officer
Town of Merrimack

STATE NURSE'S REPORT

A series of Immunization clinics was held in Merrimack during the year, for persons of all ages from six months, desiring Polio protection.

In March the fourth, or Booster shot, completing the series of inoculations, was given in the new Auditorium at the High School. Four hundred and fifty-nine preschool and school children received their Salk vaccine, and fifteen pre-school were vaccinated against Smallpox before their entrance into school.

The first evening clinic was held in April in the Hall of the Catholic Church, at which ninety-five adults and fifty-nine children received their requisite shot against Polio, many of the adults getting the initial dose of Salk.

A month later the second clinic was held for all who wished the second inoculation, and there was a good many adults and children present.

The third clinic was postponed in December and held at the Medical Center in January.

Dr. Luther A. March, Health Officer in town, attended each one of the clinics. He was assisted by Dr. Oscar Burns at the School clinic in March.

Mrs. Elizabeth Getz, R.N., was chairman of the clinics and her corps of nurses included Mrs. Eleanor Monte, Mrs. Olga Lillie, Mrs. Bernice Harris, Mrs. Dolly Footer and Mrs. Rhoda Cross.

Members of the Legion Auxiliary who assisted with the clerical work included Mrs. Libby O'Gara, Mrs. Dorothy Zintel, Mrs. Ivy Kent, and Mrs. Helen Pynenburg.

The State Nurse in the area furnished the sterile equipment and Salk vaccine from the State Department of Health in Concord, and assisted at each clinic.

MARIE H. FAHEY, R.N.

State Nurse

Number of books and magazines loaned	9,633
New names added during 1960	141
Number of visitors	80
Magazine subscriptions	26
Magazine gifts	7

In the library report for 1960 it is fitting that we make note of the passing of Mrs. Bertha Gordon, who, with her sister, Mrs. Mabel Haseltine, in 1924 gave to the town of Merrimack, the library in memory of their parents, Mr. and Mrs. Levi Lowell. We pay tribute to their memory for the gift of inestimable value to the townspeople.

Through the years Mr. Harry Watkins has given to the library many articles of value including Sandwich glass, Luster-ware and Pewter. This year he has added two antique chairs, one eight-day clock, an original Currier and Ives painting which depicts the great Boston fire of November 9th and 10th, 1878, and a mirror. These gifts, we hope to be able to display more effectively very soon.

Several collections of books have recently been presented to us, which we have carefully sorted and often find among them treasures we are glad to own.

School children visit the library regularly in groups on Wednesday mornings. Each group is allowed a specified period of time to select books, either for reports or reading pleasure.

In the evening young people come to the library for study and research, and also to be together. They are well-behaved and it is a pleasure to see them sitting around the tables.

We must emphasize again that carelessly overdue and lost books shatter the library economy with unnecessary work and expense.

On April 9th, 1960, National Book Week was observed with Open House at the library, with new books and many items of interest on display.

On October 13th, 1960, the ladies of the Merrimack Community Club met at the library for a luncheon followed by Book reviews.

The following have given gifts to the library:-

Mrs. Frank Robins	American Legion Auxiliary
Mrs. Phyllis Kempton	Steven McBride
Mrs. Bigwood	Sherry Powell
Mrs. Susan Parker	Mr. Andrew Woronka
Mr. & Mrs. Franklin Haseltine	Mr. Harry Watkins
Information Service of Africa	Merrimack Community Club
Catholic Women's Guild	Reeds Ferry Woman's Club
Also State Reports and Trade Magazines	

Collections of books loaned to schools when requested.

MARGUERITE M. HENDERSON

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the town of Merrimack qualified to vote in district affairs:

You are hereby notified to meet at the School Auditorium in said district on the 7th day of March 1961, at 7:30 o'clock in the evening, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board and Trustees for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the District will raise and appropriate the sum of FIVE THOUSAND Dollars (\$5,000.00) for a full time REMEDIAL READING PROGRAM.

10. To see if the District will raise and appropriate the sum of SEVEN THOUSAND FIVE HUNDRED Dollars \$7,500.00 for a full time PHYSICAL EDUCATIONAL PROGRAM.

11. To see what action the District will take regarding the TENTATIVE RULES AND REGULATIONS pertaining to the use of the Auditorium as set forth in the Annual Report.

12. To see what sum of money the District will raise and appropriate for FOLDING BLEACHERS in the auditorium.

13. To transact any business that may legally come before this meeting.

Given under our hands at said Merrimack this 12th day of February 1961.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Merrimack I submit with pleasure my sixth annual report as your Superintendent of Schools.

The townspeople of Merrimack can view with pride their attempts to keep up with the seemingly endless increase in school enrollment. Although we run out of space every now and then more parents with school age children keep on moving into your town. It is a price that many towns have paid for being willing to encourage and support a good school system.

The new Mastricola Elementary School will alleviate our problem for a while but it is well to remember that as long as new families continue to move into Merrimack there will be a need to provide the necessary classrooms for their education. Once again let me compliment you, the citizens, for meeting a problem "head on."

NEW TEACHERS

I would call your attention to the fact that four of the following "new teachers" are additional teachers made necessary by increased enrollments throughout the system. I wish I might say that these four have met the needs for at least a short time but such is not true.

Mrs. Judith Blume, B.A. Vassar College 1960, to replace Mrs. Irene Warner, grade 1, who resigned to be with her family in Vermont.

Mrs. Olive Campbell, Rivier College with Summer School and Extension Courses from U.N.H. as additional teacher of grade 2, South Merrimack School.

Lawrence R. Cross, B.ED. Keene Teachers College 1960, as additional teacher of Social Studies in high school.

Basil S. Liamos, B.A. U.N.H. 196—as additional teacher junior high school.

Konrad S. Skiba, B.S. Rittsburg University 1932; M.A. Penn State University 1935, to replace Mrs. Eleanor Haseltine in high school science.

You will note that as the large classes or grades move up an additional teacher is required as was true in the preceding year. In 1961-62 there will be need for additional teachers in the following areas for the above reason, Grades 3, 6, 7 and 8 and high school, four in all. These necessarily will be reflected in the 1961-62 budget.

REPAIRS AND REPLACEMENTS

Your school board is making every effort to maintain reasonable repairs and replacements of items on a limited budget. Unforeseen problems which arise in sewage, plumbing and heating must be taken care of as they arise and consequently affect in overall costs in that particular item.

A pleasant though small classroom in the Merrimack Grammar School temporarily relieved our problem of overcrowding in that building. The cooperation of the Selectmen in making two temporary grade 4 classrooms available in the town hall has been most appreciated. Showers nearly completed in the annex toilets will aid materially in maintaining a healthy athletic program; storage cabinets were constructed and placed in classrooms where there was dire need, a planned program of floor maintenance is carried out by the custodians, and a general maintenance program carried on in the small grade schools. All of this tends to keep over-all costs to a minimum. I must say too, that the custodians have been most conscientious in carrying on their work in a manner beneficial to the district.

NEW EQUIPMENT

Through the N.D.E.A. we are again able to buy equipment that ordinarily we cannot afford. The P.T.A. has generously voted to provide two TV sets under a program that will be of no expense to the district. Chairs and tables for new library facilities in the high school will help to enhance the instructional program. An opaque projector to be purchased under N.D.E.A. can be used to very good advantage in all instructional levels. We have been endeavoring as much as possible to build our resources in the areas of Math, Science, and Foreign Languages, while we have N.D.E.A. funds available to meet half their cost.

INSTRUCTION

As Mr. Paul L. O'Neil's report follows I shall only say here that I am extremely happy with the results of his efforts as Helping Teacher in charge of Instruction. The fine cooperation given him by Principals and teachers is most gratifying.

SCHOOL LUNCH

The school lunch program under the able supervision of George Greenleaf, assisted by Mrs. Dorothy Moore and Mrs. Frances Hopkins has proven to be just as successful as expected. Not only are they efficient, but the quality of the meals they serve is attested to by the number of pupils taking advantage of the program.

LOOKING AHEAD

There are many problems to consider when one contemplates the future of the Merrimack school system. I would like to mention a few for your consideration during the year and/or years ahead.

1. How long before we shall need an addition to the Mastricola Elementary School? Not long, you may be sure, but in our next step should we not think in terms of Grades 1-6 all in the one building?

2. What are the needs in the present high school and annex to assure its meeting the requirements of an expanded high school enrollment. Some of the more obvious needs are (1) expanded facilities, (2) more adequate Home Economics facilities, (3) Foreign Language Laboratory, (4) a shop program for boys (5) a physical education program for boys and girls, (6) an expanded Commercial Department.

These are problems that must be met in the near future. The Science, Home Ec. and Commercial programs are already handicapped by lack of space and we can't carry on adequately too many more years.

I mention the above only in an attempt to make you aware that these problems are in the immediate future and will have to be answered one way or another. You can be sure that the recommended solutions will be thought of on the basis of what is best for the community in terms of its future.

In closing I wish to express my appreciation to the School Board, citizens, and all school personnel for their fine cooperation; it has made my being a member of the team a pleasure.

Respectfully submitted,

LOUIS L. RAMSAY

Superintendent of Schools

.....

Principal's Report

From July 1, 1959 to June 30, 1960

In making this annual report of the activities of Merrimack High School I would again like to express our gratitude for our new gymnasium.

This new facility has now been used for the first full school year.

There are probably many people who are interested in knowing how it is being used so in the next few sentences I will tell briefly of some of the activities which have been accommodated in this new addition.

Our new gymnasium has an excellent official size basketball court which is used by four organized school teams, (high school boys, high school girls, junior varsity and junior high boys) as well as other groups of junior high school students. It has provided us with adequate space to operate an excellent hot lunch program which serves well over 400 lunches per day. The stage area is used to show films to individual classes and large groups to supplement their classroom activities. Both the stage and the main floor are used by the music department for vocal and instrumental music for elementary, junior high and senior high school students. It has been used rehearsing and presenting school plays and speech contests.

These are but a few of the many activities for which the gym is used, but I think they are enough to indicate that the money was well spent and the gym well used.

Although our primary concern is a strong academic program we must admit that there are many things well learned and long remembered through activities held outside the classroom.

In the following sections I would like to report on some of these activities which I think have considerable value in the education and development of our young people.

I. ATHLETIC HIGHLIGHTS

The varsity basketball team participated in the K.T.C. Invitational Tournament and the Monadnock League Class "S" Tournament.

George Keller and Ronald Pirog competed in the Class "S" State Foul Shooting Contest which was held at U.N.H.

Joyce Worster and Deborah Longa competed in the N. H. State Cheerleader Contest.

A junior high school basketball league was established in Supervisory Union #27. The participating schools were Merrimack, Bedford, Pelham and Hudson.

II. DRAMATICS AND PUBLIC SPEAKING

The Thirteenth Annual Watkins Prize Speaking Contest was held on November 6, 1959. The program was as follows:

1. Jeffrey Kent "The Charge of the Light Brigade"
2. Deborah Liffman "Jane"
3. Diane Bolton "At Bedtime"
4. Suzanne Jebb "Oh Sole Meow"
5. Jeanine Thurlow "The Littlest Orphan and the Christ Child"
6. Jane Shorey "The Cat Came Back"
7. Richard Hujak "He Wasn't A' Goin' To"
8. Suzanne Brown "Number Please"
9. Dora Watkins "The Freckle-Faced Girl"
10. Sandra Fournier "The Outstretched Hand of Democracy"
11. Donna Alber "Aunt Amanda's First Basketball Game"
12. Charlotte Lane "My Birthright in America"
13. Lindley Mower "Boy in the Bleachers"
14. Joan Cox "Freedom Is Not Enough"

Awarding of the prizes—Mr. Harry Watkins, Donor

Judges Miss Leah Gray, Rundland Junior High School, Concord

Miss Carolyn Winant, Millville School, Concord

Mrs. Marion Zeller, Goffstown High School, Goffstown

The Winners and Prizes were:

1st	Jane Shorey	\$30.00
2nd	Joan Cox	\$20.00
3rd	Jeanine Thurlow	\$10.00
4th	Diane Bolton	\$ 5.00
5th	Suzanne Jebb	\$ 1.00

Beverly Bennett won the Merrimack High School "I Speak for Democracy" Contest and participated in the contest which was broadcast over radio station WOTW, Nashua.

Joan Cox and Dora Watkins participated in the Supervisory Union #27 Prize Speaking Contest. Joan Cox placed 1st in the Serious Division. Merrimack placed 2nd in team score.

The Annual High School Play was held on April 9, 1960. Congratulations to Mrs. Dickinson for another fine job.

The Third Annual Watkins Spelling Bee for pupils of grades 6, 7 and 8 was held in the auditorium on June 17. Mr. Paul O'Neil was the pronouncer and Mrs. Alice Dickinson, Mr. Ralph Smith, and Mrs. Elsie Johnson acted as judges. Mr. Frank Garrahan was the time keeper.

Prizes were awarded to the following pupils:

1st	Joan Cox	\$15.00
2nd	Sandra Fournier	\$10.00
3rd	Suzanne Jebb	\$ 5.00
4th	Edward Stepanon	\$ 1.00

Principal

MEMO FROM GUIDANCE DEPARTMENT

It is our belief that we can best fulfill our obligations to our students and the public when there is understanding, understanding of our successes, our failures, and our problems; and only when there is understanding can there be the necessary cooperation so that the public and the school may successfully carry out their responsibility of granting to their children the best possible security, economic, political, and social, not only for the present but also for the future.

With this belief in mind we wish to make the following announcement.

In the Spring of 1960 our then present Sophomores took part in a statewide testing program with seventy-six of the eighty-six public high schools in New Hampshire. This testing program consisted of two tests.

1—School and College Ability Test (SCAT) “designed to aid in estimating the capacity of a student to undertake the academic work of the next higher level of schooling.”

2—Cooperative Reading Test (COOP) designed to measure an individual's ability to read.

For Merrimack the results were significant!

A—The average score for N. H. public high schools:

SCAT 286	COOP 46
----------	---------

B—The range of average scores:

SCAT 272-294	COOP 33-55
--------------	------------

C—The average score for a representative group of U. S. high schools:

SCAT 283	COOP 46.9
----------	-----------

D—The range of average scores for this same group:

SCAT 259-296	COOP 26-68
--------------	------------

E—Merrimack average score

SCAT 287	73%ile
----------	--------

This 73%ile means that Merrimack scored higher than 73% of the schools on which this test was based, (national basis)

To express it another way—high average!

F—Merrimack average score

COOP 49	56%ile
---------	--------

This 56%ile means that Merrimack scored at a level that was higher than that obtained in 56% of the schools and that 44% of the national group taking this test scored higher than Merrimack.

NOTE: The highest score obtained by a school in N. H. on this test was only 55 which would place it on the 79%ile.

What does all this mean?

- 1—On the basis of the 1960 Test Program results New Hampshire public high schools appear to compare less favorably with respect to the nation on the Cooperative Reading Test than with respect to the nation on the School and College Ability Test.
- 2—Merrimack’s combined score (SCAT and COOP) appears to compare well with other N. H. schools.
- 3—With respect to the nation Merrimack compares well on the School and College Ability Test.
- 4—With respect to the nation Merrimack compares less favorably on the Cooperative Reading Test.

REPORT OF THE HELPING TEACHER

Supervisory Union #27
Office of the Superintendent
School Street
Hudson, New Hampshire

Dear Mr. Ramsay:

The following paragraphs will constitute my annual report of the instructional programs in Supervisory Union #27—Merrimack, New Hampshire—January, 1961. At the outset, I will borrow a few words from Peter F. Drucker who, in **Landmarks Of Tomorrow**, sheds light upon the complexities facing society today:

“. . . We are in the midstream today . . . but one thing is certain: The past is going fast. If there is one thing we can predict, it is change. The coming years will be years of rapid change in our vision, the direction of our efforts, the tasks we tackle and their priorities, and the yardsticks by which we measure success or failure.”

Social change affects the values and purposes of education; to say that there is need for structural changes in education is putting it mildly.

I am sure that the townspeople of Merrimack want me to deal in specifics when I discuss their school, (and let's not forget that the schools in Merrimack are yours!) and the educational programs contained therein. Moreover, the people want to know if our curricular offerings maintain a healthy balance between what we know about the teaching and learning processes. Merrimack folk want to know if their schools are keeping a watchful eye upon newer educational trends and developments. What is more, readers of this report will want proof that only those innovations which fit the needs of Merrimack school children are considered, and ultimately put into operation. Lastly, friends of the Merrimack Schools will enjoy a review of the philosophy around which our school is functioning, for it is a sound philosophy, one that tends to keep our feet on the ground while our esprit-de-corps is high up on cloud seven.

A HEALTHY BALANCE

Critics of late have caused considerable unrest amongst educator groups. “Not enough of the three R's;” “Too many frills;” “More emphasis should be placed on this, or upon that;” “Schools cost too much;” “There's too little discipline in the schools;” these and many, many more have come to your attention I am sure. I am of the opinion that much good has come to us from some sincere criticism—based upon fact not fiction, unfortunately, though, many critics have not bothered to learn the truth. Since Merrimack en-

gages a professional staff consisting of a superintendent of schools, an office of assistance to him known as the Helping Teacher, and school principals, it is up to these school administrators to keep the curriculum in balance. To help them maintain this needed balance you have provided them with the opportunity to meet with other school administrators to consider the problems confronting educators. They have associated themselves with several organizations (national in scope) of a professional nature from which there is a continuous stream of information of such pertinent a nature so as to be of real value to curriculum progress in Merrimack. The mainstay in the nomenclature of any school system however is the teaching force—who are directly on the firing line. Naturally there needs to be created a comfortable teaching climate. An atmosphere wherein every teacher, principal, and administrator is a team participant in the overall pattern.

There are several common-sense avenues of approach to the creation of a healthy working atmosphere, the best ones I know of, and the most effective, are: (1) to give the schools proper and sufficient supervision; (2) frequent conferences with teachers pointing out strengths and weaknesses noted through such supervision; (3) planning in-service meetings or work-sessions whereby teachers become aware of newer techniques, skills, and devices, as well as to experiment with them; and, (4) kindle a continuous two-way communication through which there is channeled a steady flow of information relative to the job expectancies. These media, and many others, are used most advantageously in Union #27 schools.

There is a well-balanced program of studies being taught. Well-established skills and techniques are introduced through the use of time-tested methods, the latter may be called traditional in a sense, but let's not forget that there are many, many good features to be found in some of the older methods and techniques—yes, even in this THE NEW FRONTIER!

We are blessed with a conscientious staff of teachers who are anxious to do their utmost for the cause of educating your children. There is a balance in the staff—a balance which makes the whole scheme run like clock-work—with your children the profiteers.

THE NEW LOOK: EDUCATION FOR THE SIXTIES:

I am happy to report that there are new developments and giant strides being inculcated into the curriculum. These new trends were not imposed upon your schools from the hierarchy in the central office. These trends and new directions as well as improved

methods of instruction have come from the teachers and the principals. Careful and thoughtful as well as time-consuming research has gone into putting these newer developments into practice.

If you were to take a tour of your school tomorrow (and remember, you are always invited to do so) you might be amazed that Merrimack children have so much to help them through their school life. Although not all-inclusive, here are a few:

- a. junior and senior high school part-time guidance
- b. a much-needed classroom building is slowly taking shape to help siphon off some of the overcrowding in the intermediate grades as well as grades seven and eight.
- c. curriculum specialists in music, speech therapy, handwriting, instrumental music
- d. ability grouping—first grades
- e. increasing number of audio-visual devices.
- f. an adequate standardized testing program—I.B.M.—scored to assure accuracy and help cut down the teacher's work load
- g. hundreds of new supplemental reading books, reference books, and books designed to help sharpen-up the math and science fields have been added

These and many more have pleased me no end. I know you will share this pleasure with me. I have been pleased to work as your helping teacher in Merrimack.

Respectfully submitted,

PAUL L. O'NEIL,
State Helping Teacher

Elementary Annex Report

July 1, 1959 — June 30, 1960

The intermediate grades of the elementary school experienced an unusually large enrollment with an average of 40 pupils in each classroom. Such a large number in the classroom is a definite handicap to the educational program and it is hoped that in future years, enough teachers will be available so that this situation can be corrected.

Naomi Estey, Lynn Darrah, Elaine Houle, and Kathleen Rush represented grade 6 in the annual Watkins Prize Spelling Contest.

The children of grades 1-6 participated in a spring music festival under the direction of Mrs. Donnelly assisted by the teachers. This program depicted the development of the United States through song and the result was a tribute to the patience and determination of Mrs. Donnelly, our music supervisor.

It is with great anticipation that the elementary teachers look forward to the completion of the new elementary school. With the completion of this building and the housing of the elementary grades in one building, programs may be carried out which have been impossible till now because of the fact that the grades were so distant. This new facility will provide for better communication among the elementary teachers and should also increase the effectiveness of continuity in the curriculum.

Respectfully submitted,
LEO F. GARRAHAN, Principal

Report of Music Supervisor

Merrimack High sent two representatives to the All-State Music Festival which was held in Lebanon, April 7 and 8. They were Virginia Mason, 1st Soprano and Dorothy Smith, 2nd Soprano.

Our Spring concert, held in May, included all grades and included Junior and Senior High Glee clubs, Band and Baton Twirlers. 501 participated which drew a fine enthusiastic audience and netted the Music Department, through contributions, \$257.45.

On Memorial Day, the 3rd grade presented a flag drill and Beverly Bennett delivered her winning speech "I Speak For Democracy". The Band played for marching and led by our new and snappy-looking majorettes.

A musical program furnished by Grades 1, 2 (S. Merrimack), Junior and Senior High Glee Club and Band was presented for the P.T.A. during the Christmas season. Parents and friends contributed \$57.10.

We now have a baton drill team and hope to have it in readiness with the Band for Memorial Day and at least one scheduled parade for this year. The quicker we can get both groups on the road, experience will be their teacher.

The Music Fund that has been earned makes things much easier for the department to function in bigger ways. The Band, which is a costly item, is the largest drawer upon the fund.

“NO SCHOOL” SIGNAL

If school is to be called off for any reason there will be notice read over stations WOTW and WSMN in Nashua and WFEA in Manchester at 7:30 o'clock in the morning.

Because the required 180 days of school brings the closing of the school year well into the month of June, it is the feeling of the School Board, that it would be unwise to call off school unless it is impossible for the busses to negotiate their routes. We are asking all parents to use their own discretion sending children to school during a bad storm.

SCHOOL BOARD MEETINGS

The regular monthly meeting of the School Board is held at the High School on the third Tuesday of each month at 7:30 P. M. The meeting is open to anyone with complaints or suggestions on the operation of our school system. The only way that the School Board can act on any situation is as a body.

MERRIMACK SCHOOL DISTRICT

Rules and regulations pertaining to the use of the Auditorium:

1. Requests for the utilization of the Auditorium will be forwarded to the School Board for consideration on forms available from the High School Principal and any member of the School Board. The application shall be submitted to the School Board by the third Tuesday of the month preceding the requested date.
2. Requests from other than local civic non-profit organizations or sponsoring of an outside organization by a local organization will not be considered.
3. No requests will be considered if a school sponsored or Town government activity is scheduled during the same period requested by an organization.
4. Statement that the organization is a local civic non-profit organization and that no other suitable space is available to support the activity or function.
5. Statement that the organization or function will in the event of damage to the building or equipment, reimburse the school District within a 30-day period from the date of the damage, the full amount of the cost of repairs or replacement.
6. A fee of TWENTY-FIVE DOLLARS (25.00) will be charged to defray the cost of light, heat, water and fair wear and tear, on all functions being run for a profit.
7. The sponsoring organization will make arrangements for a Town Policeman and a School Janitor to be present at their activity.
8. No Alcoholic beverages to be permitted on or about the school premises.
9. Smoking will be permitted in the Front Lobby, Men's and Ladies' lavatories only.
10. The three OUTSIDE EXITS in the Auditorium shall be used in case of emergency only. The entrance and exit to the Auditorium shall be through the main lobby only.
11. There shall be no decorations of any kind affixed to any permanent part of the Auditorium. The use of any scenery or props on the stage shall be first approved by the school board.

This is a tentative set of rules under which we are operating.
